Bronze Wedding Package From £199

This represents our basic package, and represents excellent value for money for couples on a limited budget. All photography takes place at the wedding ceremony venue.

The arrival of the groom and bridal party are captured, as are informal reportage-style shots of the guests prior to the ceremony. Subject to permission, more photographs will be taken during the ceremony itself, after which, a register-signing re-enactment and formal group photographs will be taken. In all, at least 300 images will be taken, and will be presented to the couple on a CD ROM, so that they may choose the prints for their album.

The chosen images will be published online so that guests may use our online purchasing for any additional prints. These will be delivered unmounted, and will be charged according to size at our usual prices.

The Bronze Package costs just £295, and includes 30 prints (8in x 6in) mounted in an off-the-shelf cream bound album with protective glassine interleaves. The quoted price includes basic image enhancements such as sharpening, colour correction and contrast adjustment. Any special enhancements and photographic effects will be charged at an additional rate of £2 per image.

The basic service is also available as a "prints only" package for just £199, and is available Monday to Friday only.
