Platinum Wedding Package From £995

The schedule of photography begins at the bride's home, capturing her preparations for the wedding. Where practical, further images will be taken of the other members of the bridal party. The photographer will arrive at the ceremony venue ahead of the bride, and will capture some informal, reportage-style shots of the groom and guests as they await the arrival of the bride. The arrival of the bridal party at the venue will be captured and photographs taken inside and outside the bridal car. Subject to approval, more shots will be taken of the bridal party as they enter the church or registry office and during the ceremony. Following the ceremony, the register signing will be re-enacted, after which the formal group photographs will be taken, either in the grounds of the church/registry office or later at the reception venue. These will include any special shots discussed at our initial meeting. Further informal, reportage-style photographs will be taken during the reception, including the various speeches, the cutting of the cake and up to the first dance.

About 1000 photographs will be taken during the day, which will be presented to the couple on a preview DVD/CD. The couple may choose 90 photographs for mounting in their album. There are two album options for this package, a digital-layout and leather-bound traditional alternative:

Digital Layout. This is a [Sim2000](#) album from their digital range, and is the standard album for this package. The A4-sized album will contain 20 pages (40 sides) as standard. Extra pages are available on request, priced at £20 per page.

Traditional Style. A beautiful, traditional-style, leather-bound Jorgensen album from their [Art](#) range. This is a 12-inch square premium quality album, and will contain 20 pages (40 sides) as standard, holding prints up to a maximum of 10 inches square.

Alternative album options are available on request. Parent and guest albums are available as additional extras and must be ordered at the same time as the main wedding album.

All photographic proofs will be published on this website, so that guests may order a keepsake of the day using our online purchasing facility. These additional prints will be charged at our usual prices and will be delivered unmounted. The cost of the Platinum service is £1095 in high season (May to September), and £995 during low season. The quoted price includes the Sim2000 digital album basic image enhancements such as sharpening, colour correction and contrast adjustment. There is a £160 premium for the leather-bound Jorgensen 'Art' album.

Any special enhancements and photographic effects will be charged at an additional rate of £2 per image.

Proof images are also available as a printed spiral-bound proof album. There is a £100 surcharge for this service.
