Silver Wedding Package From £695

The Silver starts with capturing the arrival of the groom and bridal party at the venue, with informal reportage-style shots of the guests taken prior to the ceremony. Following the ceremony, the signing of the register and formal group photographs will be taken, including any special shots discussed at our initial meeting. Photography will continue up to the wedding breakfast, including an enactment of the cake cutting. Included in the price, up to 60 photographs may be selected for mounting in the wedding album.

A minimum of 600 proof images will be taken; be taken during the day, which will be presented to the couple in a preview CD-ROM, from which they may select their prints for inclusion in a beautiful [Sim2000](#) album from their digital range, which is available in a range of coverings. The A4-sized album will contain 15 pages (30 sides) as standard. Extra pages are available on request, priced at £20 per page. The album will be published online so that guests may use our online purchasing. Additional prints may be ordered at our usual prices and will be delivered unmounted. Alternative album options are available on request.

Parent and guest albums are available as additional extras and must be ordered at the same time as the main wedding album. This package also has the leather-bound Jorgensen album option with 12 pages (24 sides).

The cost of the Silver service is £795 in high season (May to September), and £695 during low season. There is a £90 premium for the leather-bound Jorgensen 'Art' album.

The quoted price includes basic image enhancements such as sharpening, colour correction and contrast adjustment. Any special enhancements and photographic effects will be charged at an additional rate of £2 per image.

* Proof images are also available as a printed spiral-bound proof album. There is a £100 surcharge for this service.
